THREE SIZES

The Original and Best Combination Range

Ten times as many in use as all other makes combined. *Over four thousand* in use in Chicago and vicinity. We guarantee the M and D Combination Range to *bake quicker and better*, and to save from 25 to 50 per cent in fuel over any other range made.

The Gas Section of the M & D Combination Range has the *quickest baking oven* in the world, with two separate burners. After the oven is sufficiently heated by the two burners, one can be turned off and the baking can be done by the one burner, economically. We manufacture our Combination Range with or without Ventilated Roll Curtain or Canopy. Either section works independently of the other, and they are perfect in their operations when used together.

FREE INSURANCE ADVICE

It is frequently the case that those who are considering the question of life insurance and who know that it is a duty they owe their family and themselves, keep putting off this vital matter from day to day and from year to year just because they do not know where to go for disinterested advice upon insurance matters. If there are any readers of The Blue Book in such a quandary, they should call upon, or write, or phone Main 128, to Jay H. Emerson, Stock Exchange Bldg., Chicago. Mr. Emerson is Gen'l Agent of the New York Life Insurance Company, and has spent 13 years in the life insurance business and will fully inform you of the best form of insurance to suit your needs, the exact cost, etc., and will give you complete information upon any insurance matter without any obligation on your part. The service of Mr. Emerson will cost you nothing, and if you are even considering taking out any insurance anywhere, it will pay you to see Mr. Emerson first.

PREFACE.

THE Nineteenth issue of the CHICAGO BLUE BOOK possesses the features which we trust will entitle it to retain the high place in public favor that has been accorded its predecessors. We desire especially to thank our lady patrons for their cordial appreciation of our efforts.

The title, "BLUE BOOK," is given the work because of its *blue* cover. It does not refer to blue blood, as many people suppose. Webster's definition of Blue Book is as follows: "BLUE BOOK — A parliamentary publication, so called from its blue paper cover, such being commonly used; also, a book containing a list of fashionable addresses."

We do not claim the BLUE BOOK is either a City Directory or absolutely an Elite Directory; neither do we pretend to pass upon the social or financial standing of the parties whose names are contained herein. It is simply a compilation of about twenty-four thousand names of the most prominent householders of Chicago and suburbs within a radius of thirty miles, published in the most convenient form for reference by our lady patrons.

Neither time nor money has been spared to make this work as complete and valuable as possible. The difficulty attending the compiling of such a book can be easily appreciated; and we therefore trust that any omissions will be brought to our notice, that they may be corrected in future. We keep the entire work standing in type, that such corrections can be made promptly, and in this way we hope to make the CHICAGO BLUE BOOK as nearly perfect as it is possible to make such a volume.

While retaining all the old features, such as Calling Days in the Street List, and Summer Residences in the Alphabetical List, we have added very materially to our Miscellaneous Information, Club Lists, Churches, etc. We shall always be pleased to receive any suggestions from our

com

lady patrons whereby we can enhance the value of this work to them, or any information regarding Social or Literary Clubs and Associations which we have not already incorporated in our volume.

The data for this work have not been compiled from circulars or from other Directories. Experienced men, particularly adapted for such work, have been assigned to each locality, and the greatest care has been used in selecting these names. In order to issue the book before the Holidays, it is necessary for us to commence our annual canvass early in September. We would therefore deem it a great favor if those absent from their homes after October 1st would send us each year the information they wish inserted, in order that the work may possess that accuracy and completeness we have taken so much pains to secure.

LYON & HEALY

Victor Talking and Singing Machine

The Victor brings the actual voices of all the grand opera stars into your home. Not an imitation, mind you, but their real voices. We have furnished hundreds of Victors to Chicago opera lovers, who find the Victor a delightful means of renewing acquaintance with their favorites. Why not attend the complimentary Victor concerts in Victor Hall (just within the Adams street door) some afternoon this week and learn just what the improved Victor really accomplishes.

Should you wish to purchase a Victor, you need only pay us cash for a few records. Begin paying on the machine 30 days later—a small amount monthly.

DISTINCTIVE YEAR-BOOKS

For Clubs, Schools, and Societies

¶ It has been aptly said that there are many things whose value lies in the fact that they are exactly right.

¶ Just so with year-books and announcements of organizations that stand for something more than the commonplace. They must be correct.

¶ Printing that is simple, distinctive, and dignified may always be had at the Lakeside Press, and it costs but little more than the characterless sort.

¶ Without extra expense, we will suggest the arrangement, choice of paper, and so forth, for your work.

PAYMENT OF POSTAGE WITHOUT STAMPS.

Matter mailed under the authority thus granted must consist of not less than 2,000 separately addressed identical pieces, wrapped or enveloped so as to be easy of inspection, and for delivery within the United States or its possessions, and Canada, Cuba, Mexico, and the Republic of Panama. In the upper right-hand corner of the face, or address side of the envelope, wrapper, address label, or tag of each sep-

arately addressed piece mailed under the provisions of this section must be printed a statement showing the amount of postage paid on the piece, the word "Paid," and the name of the post office and State where mailed, followed by the permit number in the form and within the sizes of type prescribed in the following paragraph:

The face of the type used in printing the indicia in the upper right hand corner must not be smaller than 10 point nor larger than 24 point, and the figure representing the amount paid in money must not be smaller than 14 point nor larger than 36 point, and this indicia must not be obstructed or confused with any other matter whatever; no special marks, figures, or other individual designs for its display are allowable.

Matter to be mailed without stamps affixed must be presented at the Post Office, faced with the address sides all the same way, and made up in separate sacks or bundles for each State or City.

When such matter is presented for mailing, a statement of mailing must be made out by the sender upon a blank form provided by the Post Office, setting forth the number of identical pieces of matter to be mailed, the class of such matter, and the exact weight of each piece. This statement shall be duly dated and signed, and shall bear the permit number. The statement will then be presented upon each mailing to the receiving clerks, together with the amount of money necessary to prepay the postage. The office will be kept open (daily except Sunday) from 9 a. m. to 7 p. m., for the accommodation of persons and firms desiring to mail matter under these rules.

Matter bearing this paid-in-money indicia must not be distributed otherwise than through the mails.

PRIVATE MAILING CARDS. (POST CARDS.)

Private mailing cards (post cards) in the domestic mails must conform to the following conditions:

a. A "post card" must be an unfolded piece of cardboard not exceeding 9 by 14 centimeters (approximately 3 9-16 by 5 9-16 inches) nor less than 7 by 10 centimeters (approximately 2 3-4 by 4 inches).

b. It must be in form and in the quality and weight of paper be substantially like the Government postal card.

c. It may be of any color not interfering with a legible address and post-mark.

d. It may, or may not, at the option of the sender, bear near the top of the face the words "Post Card."

e. The face of the card may be divided by a vertical line; the left half to be used for a message, etc., but that to the right for the address only.

f. Very thin sheets of paper may be attached to the card, and then only on condition that they completely adhere thereto. Such sheets may bear both writing and printing.

g. Advertisements and illustrations may appear on the back of the card and on the left half of the face.

2. Cards, without cover, conforming to the foregoing conditions are transmissible in the domestic mails (including the possessions of the United States) and to Cuba, Canada, Mexico, and the Republic of Panama, and the United States postal agency at Shanghai, China, at the postage rate of 1 cent each.

3. When post cards are prepared by printers and stationers for sale it is desirable that they bear in the upper right-hand corner of the face an oblong diagram containing the words "Place postage stamp here," and at the bottom of the space to the right of the vertical dividing line, the words, "This space for the address."

4. Cards which do not conform to the conditions prescribed by these regulations are, when sent in the mails, chargeable with postage according to the character of the message—at the letter rate, if wholly or partly in writing, or at the third class rate, if entirely in print.

Cards bearing particles of glass, metal mica, sand, tinsel, or other similar substances, are unmailable, except when enclosed in envelopes.

McCRA Y GLASS LINED REFRIGERATORS

—are a *necessity* for the home where health is jealously safe-guarded.

As the refrigerator is the most important single piece of furniture in the home, it should be purchased from a manufacturer who has made a study of refrigeration.

McCray superiority is especially notable in the *vigorous circulation of pure, cold, dry air which it affords.*

STYLE NUMBER 420 OPAL GLASS LINED

go salesroom, 55 Wabash Avenue, and let us show you just why your old ice box is positively dangerous, and why you should purchase a McCray Refrigerator.

LYON & HEALY Victor Talking and Singing Machine

The Victor brings the actual voices of all the grand opera stars into your home. Not an imitation, mind you, but their real voices. We have furnished hundreds of Victors to Chicago opera lovers, who find the Victor a delightful means of renewing acquaintance with their favorites. Why not attend the complimentary Victor concerts in Victor Hall (just within the Adams street door) some afternoon this week and learn just what the improved Victor really accomplishes.

Should you wish to purchase a Victor, you need only pay us cash for a few records. Begin paying on the machine 30 days later—a small amount monthly.

DISTINCTIVE YEAR-BOOKS

For Clubs, Schools, and Societies

¶ It has been aptly said that there are many things whose value lies in the fact that they are exactly right.

¶ Just so with year-books and announcements of organizations that stand for something more than the commonplace. They must be correct.

¶ Printing that is simple, distinctive, and dignified may always be had at the Lakeside Press, and it costs but little more than the characterless sort.

¶ Without extra expense, we will suggest the arrangement, choice of paper, and so forth, for your work.

Apollo Player Piano, Style K

EVERY ONE HAS 88 FINGERS

And none other in the world can equal it

The Melville Clark Apollo Player Piano

A Masterpiece of Mechanical Skill

Each of the 88 pneumatic fingers strikes a piano key with a human stroke, playing the composition as it was originally written and is played by the great pianists, and imparting an orchestral tone color to the score. No abridging or rearranging of the music.

All other Players have only 65 Notes or Five Octaves

consequently the larger musical compositions must be rewritten or transposed to suit this five octave scale.

**You would not Buy a 65 Note Piano:
Why would You Buy a 65 Note Player?**

The Apollo Player Piano has also the **Effective Transposing Mouthpiece** which represents 95 per cent. of player value. By its use the music can be transposed to any key to suit the voice or accompanying instrument. It also effectually obviates the endless trouble caused by the shrinking and swelling of the music roll due to atmospheric conditions.

The Apollo Player Plays 58, 65 and 88 Note Music
